As a company dedicated to raising funds for children's programs through your candy bar sales program, please ensure the safety and well-being of children all over the world by making a commitment to Fair Trade. This Valentine's Day, I want to be sure that the chocolate I give to my loved ones come from families and communities that are treated fairly for their work.

End child labor in cocoa fields around the world and choose Fair Trade Certified NOW!

My message to you is:
