## Part X - FIN 48 Footnote

Accounting principles generally accepted in the United States of America require management to evaluate tax positions taken by the Organization and recognize a tax liability or asset if the Organization has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service or the Franchise Tax Board. Management has analyzed the tax positions taken by the Organization, and has concluded that, as of June 30, 2015, there are no

uncertain tax positions taken or expected to be taken that would require recognition BAA Schedule **D** (Form 990) 2014 Part XIII Supplemental Information (continued)

of a liability or asset or disclosure in the financial statements. The Organization is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in question. Management believes it is no longer subject to tax examinations for years prior to June 30, 2010.
